

The Evergreen State College  
 Evergreen Student Experience Survey 2006  
 Tribal: Reservation-based/Community-Determined Programs

**Commuting to Campus**

Students were asked a set of questions about typical commuting distances and ways of getting to campus to assist in understanding commuting patterns. In analyzing responses, it was unclear whether respondents in Tribal Programs were interpreting the questions as referring to commuting to the Olympia campus or to Tribal: Reservation-based locations. Therefore, responses to the questions should be interpreted with caution.
