

The Evergreen State College
Evergreen Student Experience Survey 2008
Responses of Tacoma Campus Students

Types of Classes Taken by Survey Respondents (Academic Year 07-08)

Using quarterly enrollment data, the kinds of classes survey respondents took during Academic Year 07-08 were analyzed. All Tacoma campus respondents had taken at least one course (2-6 credits per course). Over 40% had taken a full-time program, 3.2% of the Tacoma campus respondents had taken a part-time program (8-12 credits per program), 1.6% had taken an independent learning contract, and 1.6% had taken an internship.

Course(s) (2-6 credits per course)	100.0%

*Percentages do not add up to 100% because students could indicate as many different types of programs/courses as they had taken in a single year.

Combinations of Classes Taken During the Year (In Mutually Exclusive Categories)

In order to understand the combinations of class types that respondents had taken in one year, respondents were grouped into categories based on the kinds of classes they took in the 2007-08 school year. The largest percentage of respondents took courses only (58.1%). Almost 40% of respondents had taken full-time programs and courses (38.7%), 1.6% took part-time programs and courses, and 1.6% took three or more types of classes.
