

**The Evergreen State College**  
**Evergreen Student Experience Survey 2011**

***First-Time, First Years***

**Level of Connection to Other Students and the Evergreen Community**

Students were asked to indicate their level of connection to other students in their classes and their connection to the Evergreen community. The most common response among First-time first year respondents was that they felt "Quite a Bit" connected to other students in classes and "Moderately" connected to the Evergreen community. The mean response was higher for the degree of connection to other students as compared to the Evergreen community as a whole. A little over 14% of the First-time first year respondents were "Not at All" or "A Little Bit" connected to other students in their classes, while 32% said that they felt "Not at All" or "A Little Bit" connected to the Evergreen community.
