

End-of-Program Review 2007-08

Sustainability in Inter-Area (IA) Programs

Did your program address sustainability? Sustainability can include:

- Living within the limits (for example, reducing consumption)
- Understanding the interconnections among economy, society, and environment
- Equitable distribution of resources and opportunities

	Extensively	Moderately	A little	Not at All	Percent of Programs Addressed Sustainability	Programs Addressed Sustainability (N)	Programs responded (N)
IA Programs	14.3%	42.9%	0.0%	42.9%	57.2%	8	14
All Programs	16.4%	24.1%	18.1%	41.4%	58.6%	68	116

IA Programs that include sustainability

Extent

Areas of sustainability studied in the program (e.g., environmental sustainability, social sustainability including social justice, economic sustainability, sustainable business practices, community sustainability, environmental ethics)

Mixing Messages: Bringing Art and Science Together for Conservation	Extensively	Social Entrepreneurship, Community Sustainability, Environmental Sustainability
Money, Molecules and Meds	Extensively	Social sustainability
American Indian Sovereignty: Competing Contexts	Moderately	Social Sustainability
Christian Roots: Medieval and Early Modern Science	Moderately	Climate change (we participated in Focus the Nation), environmental history
Evolving Communication: The Ways Humans and Animals Interact	Moderately	Several books and one lecture examined the ecology of animal species and some ways in which communication can be impeded by various forms of invasion. We addressed community sustainability by examining discourse communities.
Introduction to Environmental Studies: Native Identities, Ecology, and Resources	Moderately	Native cultural sustainability, community sustainability - Focus the Nation
Looking Backward: America in the 20th Century	Moderately	Social Justice, Economic Sustainability
Physics, Profits, and Politics of River Restoration	Moderately	Social justice, environmental sustainability, environmental ethics
