

## End-of-Program Review 2008-09

### Sustainability in Evening and Weekend Studies (EWS) Programs

Did your program address sustainability? Sustainability can include:

- Living within the limits (for example, reducing consumption)
- Understanding the interconnections among economy, society, and environment
- Equitable distribution of resources and opportunities

	Extensively	Moderately	A little	Not at All	Percent of Programs Addressed Sustainability	Programs Addressed Sustainability (N)	Programs responded (N)
Evening and Weekend Studies	5.6%	16.7%	44.4%	33.3%	66.7%	12	18
All Programs	15.3%	20.3%	22.9%	41.5%	58.5%	69	118

EWS Programs that include sustainability	Extent	Areas of sustainability studied in the program (e.g., environmental sustainability, social sustainability including social justice, economic sustainability, sustainable business practices, community sustainability, environmental ethics)
Why Businesses Succeed: Designing A Sustainable Company	Extensively	Sustainability solutions can only be found in the design of natural capitalism. Small business design and planning was the focus. We focused upon the community, ethics, business practices and reviewed case studies of firms that were changing the business world for the better.
Holism and Our Healthcare System: Personal Wellness, Healthy Communities	Moderately	Social, economic, community
Interdisciplinary Psychology: From Science to Society	Moderately	Social justice, community sustainability
Physics and Calculus: Finding Order in the Physical World	Moderately	Energy, conservation, natural resources
Civic Intelligence: Will We Be Smart Enough, Soon Enough?	A Little	[Faculty did not elaborate.]
Developmental Psychology and Educational Practice	A Little	[Faculty did not elaborate.]
Immigration: History, Law, Controversy	A Little	Social justice
Plants, People and Phytochemicals	A Little	Environmental ethics farming practices
Reproduction, Birth and Power	A Little	Guest lecture and discussion of environmental pollutants and pregnancy/ breastfeeding
Sight and Incite: Art and Activism	A Little	Using recycled art supplies in mosaic project, creating earthworks with natural materials
What Unions Do	A Little	Social justice, community sustainability, economic sustainability
Work and the Human Condition	A Little	In our study of work and the human condition, we included social sustainability, social justice-- and those were connected to economic issues; that is, we read, discussed, and wrote about the structure of life in the "new capitalism" of the 90s and 2000s.
