

End-of-Program Review 2010-11

Sustainability in Environmental Studies (ES) Programs

Did your program address sustainability? Sustainability can include:

- Living within the limits (for example, reducing consumption)
- Understanding the interconnections among economy, society, and environment
- Equitable distribution of resources and opportunities

	Extensively	Moderately	A little	Not at All	Percent of Programs Addressed Sustainability	Programs Addressed Sustainability (N)	Programs responded (N)
Environmental Studies	40.0%	30.0%	30.0%	0.0%	100.0%	10	10
All Programs	14.1%	19.2%	29.3%	37.4%	62.6%	62	99

ES Programs that include sustainability	Extent	Areas of sustainability studied in the program (e.g., environmental sustainability, social sustainability including social justice, economic sustainability, sustainable business practices, community sustainability, environmental ethics)
