

End-of-Program Review 2011-12

Sustainability in Environmental Studies (ES) Programs

Did your program address sustainability? Sustainability can include:

- Living within the limits (for example, reducing consumption)
- Understanding the interconnections among economy, society, and environment
- Equitable distribution of resources and opportunities

	Extensively	Moderately	A little	Not at All	Percent of Programs Addressed Sustainability	Programs Addressed Sustainability (N)	Programs responded (N)
Environmental Studies	0.0%	28.6%	42.9%	28.6%	71.5%	5	7
All Programs	19.1%	21.3%	25.0%	34.6%	65.4%	89	136

ES Programs that include sustainability	Extent	Areas of sustainability studied in the program (e.g., environmental sustainability, social sustainability including social justice, economic sustainability, sustainable business practices, community sustainability, environmental ethics)
Bryophyte Taxonomy and Ecology	Moderately	Students installed a green roof garden.
The Fungal Kingdom	Moderately	Environmental Sustainability, Environmental Ethics
Marine Life: Marine Organisms and Their Environments	A Little	Fisheries Marine Protected Areas
Nature's Prose	A Little	Environmental Sustainability and Ethics
Landforms and Lifeforms	A Little	Climate, Resources
