

STUDENT UNION AND PROGRAMMING & CIVIC ENGAGEMENT SURVEY DEMOGRAPHICS

2011 Student Affairs' Student Voice Survey Results

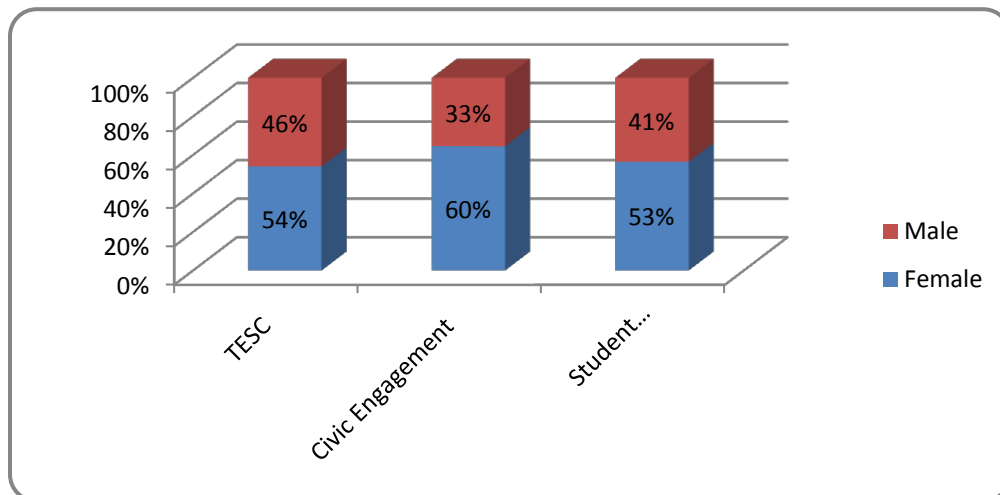

Student Voice Survey Report #10-13demographics

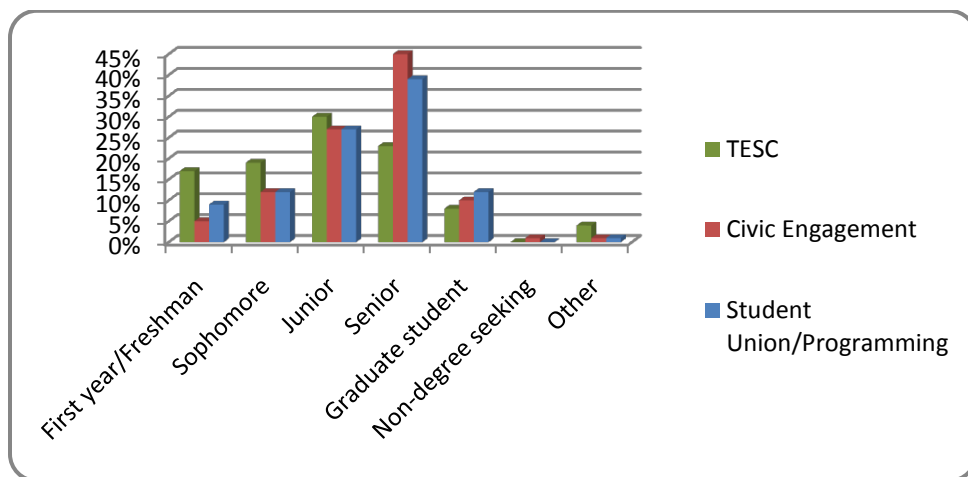

Student Affairs periodically conducts surveys about issues which impact students. In April 2011 Student Affairs conducted three surveys utilizing Student Voice, an entity which develops surveys in partnership with national experts. The surveys assess students' perceptions and experience, providing comparative data with national respondents. Participation was voluntary and all responses were completely confidential; the resulting data is reported only in the aggregate.

This report highlights some results from the **Student Union and Programming** and the **Civic Engagement** surveys. Below are the primary demographic comparisons between Evergreen students overall and the 436 and 351 (respectively) survey respondents.
