1	0.82%	I eat at the Greenery
1	0.82%	I had to wax hella floors there, and then they decided they didn't like the mat finish so they stripped it up and re-waxed it. This really upset me, and I feel that it pretty much sums up the entirety of the renovation project (both planning constructive and post stages). It's not that I am bitter, I would just like to see whoever was in charge of that receive severe disciplinary action. That being said it look like a community college or tacky airport, I spent a lot of time in the Cab before the remodeled it, but I hate it now.
1	0.82%	I honestly have not had a reason to spend much time in the CAB. Perhaps I am an out-lier though, one who does not participate in many student activities.
1	0.82%	I like to pick up drinks at the Batdorf & Bronson outpost. They are very nice to me.
1	0.82%	i walk through it instead of walking outside when it is raining.

1	0.82%	I'm unaware of anything applicable to me happening in the CAB.
1	0.82%	In the public area we hold a DND meeting. Why does the building close at midnight?
1	0.82%	It gets the best indoor sunlight and was intended to have a student run gallery. As an artist I was quit enthusiastic about this prospect, but found the space utterly uninhabitable for most works of art.

1	0.82%	none, I only go to the CAB to purchase books and the occasional slice of pizza. The new, CAB "improvements" have only resulted in outrageously long lines in the CAB cafe. The mandatory 90 plus dollar CAB renovation fee is not a fair trade-off for the long months of noisy construction, and the new completely dysfunctional during lunchtime hours within CAB cafe. I would like to be refunded that stupid fee in fact, as I am often diverted to the tiny Seminar 2 cafe just so I can grab a cup of coffee.

Q67. What is one thing that you would change/improve about the CAB?			
Count	Percent		
205	100.00%		
Count	Percent		
1	0.49%	Needs to finish being fixed.	
1	0.49%	Food options in CAB more items like soup and salads and sitting area for eating/studying it is currently a bit cluttered	
1	0.49%	A better microwave	
1	0.49%	A larger variety of services and food options... Somehow the Market was cheaper and had a better variety when it was stuck in a spare classroom in the Library, yet now it has its own space the quality and variety has suffered? This isn't reasonable.	
1	0.49%	Actually use non toxic building materials to build a building on a sustainable living college campus, this goes for using non toxic cleaning chemical and deodorants. Have quality food available and teach the youth on campus about health.	
1	0.49%	All the grey is a little depressing.	
1	0.49%	An increase in options in several aspects including food (more than just 3 options and a cafe), entertainment (other than just sitting in front of KAOS), and a mixture of social and quiet spaces (the quiet lounge isn't quiet at all).	
1	0.49%	As a student in the MPA program who works full time and attends classes in the evenings and on weekends, I am very disconnected from what happens in the CAB. I don't know what services and activities exist. I would like activities and services to be promoted better so all students are aware of their options. Maybe having a webpage on the evergreen site that acts as a clearinghouse for the activities and services, hours, contact info, etc, perhaps even with a blog about upcoming events, would help promote the CAB to non-traditional students.	
1	0.49%	As I think about it, not much I could offer in the way of improvements, other than I noticed the quiet rooms are not that quiet sometimes. I don't use them, but I was thinking that for those that do, or if I did, I would be extremely annoyed by the noise... students playing cards etc. There should be a quiet and activity room.	
1	0.49%	As it is impossible to turn back time, this answer is rather useless at this point, but the entire renovation was a huge cost for minimal change. Everything was made prettier but that doesn't solve the issues of the forum. The space reads like a Barnes & Noble now, and as such just has the feel that its only service is to sell you things you probably don't need for prices that verify this notion. The space was redefined, but there is just as much useless space not being harnessed for a good cause due to architectural inconsideration of such facilities. Rooms were consolidated into more cramped environments and given working titles that suggest academic capacities, but in all honesty, impede the function of the rooms and spaces by being so confined. A rearranging walls and windows doesn't make a facility more inviting,

		and nether does putting perfume on dog droppings.
1	0.49%	As mentioned above, I really have not had the chance to visit the CAB after the renovation as I am only on campus a few hours a week. Therefore, I don't feel I have any basis to state a change/improvement to the current CAB facility.
1	0.49%	Available microwave and toaster.
1	0.49%	better advertising for the events that go on in the CAB
1	0.49%	Better food
1	0.49%	better food options
1	0.49%	Better food options (the eggplant is great, but whats up with the unhealthy stuff downstairs?), more knowledge of what the building has to offer students, as of now it seems like a fancy cafeteria.
1	0.49%	Better food options at better prices.
1	0.49%	Better food selection.
1	0.49%	Better food, better prices at the bookstore, and a more conducive studying environment.
1	0.49%	Better promotions of events. I don't usually find out about events until the day of and even then I don't find out till I go home and check my email. By the time I'm at home, I don't really want to go back even if the event is something I would have enjoyed.
1	0.49%	Better quality food at the market.
1	0.49%	book store and food options open later in evenings
1	0.49%	bookstore is kind of hidden, make it more noticable from the CAB entrance.
1	0.49%	build it to the original plans?
1	0.49%	CAB dining area always seems so messy & clutter. The compost & recycling is always full ~ need larger bins!
1	0.49%	Chalk boards or white boards for studying.
1	0.49%	Change the design in its entirety
1	0.49%	Change the faculty lounge windows to be no longer frosted. The faculty lounge looks like some sort of forbidden zone and appears rather intimidating as it is.
1	0.49%	Change up the food options. For those of us without a meal plan it is impractical to eat at the greenery, so its Pizza and Burritos every day. Also encourage live entertainment. It doesn't have to be anything big but designate a place for people to play music.
1	0.49%	Cleanliness of quiet lounge. (if I can offer another suggestion - a fresh fruit smoothie bar)
1	0.49%	color, food is expensive, i think the food is bad too, layout is weird too there is no space where you want and need it but too much space where no one uses it.
1	0.49%	Disability accessibility
1	0.49%	Drop Aramark Contract... Viva Eggplant! Viva Bikeshop! More support for student-initiated collectives!
1	0.49%	eggplant taking credit/debit cards
1	0.49%	Enabling the Eggplant to take credit cards
1	0.49%	Evergreen sorely needs a 24/7 study space. Carrels, study rooms, even a big open room with tables if it must be . . . Sometimes, that kind of resource is the only thing keeping erratic students afloat. And if you're erratic, you're more likely to be up late. As far as the atmosphere, it's quirky, and pretty in places, but cold and uncohesive. It doesn't feel very relaxing or homey -- intriguing, sometimes pleasant (I do like those armrest-to-desk chairs in the quiet area . . .) But that quiet area isn't quiet. It feels like a well-appointed holding cell. Doors and corners are what's needed to cut down on the bustle (and the echo from all those hard surfaces). And something like the CAB is the best building for this study space, since it requires no staffing to support it and only occasionally needs to be checked by police and Crimewatch (as it already is).
1	0.49%	Extension of hours of operation.
1	0.49%	Finish art gallery
1	0.49%	Finish it
1	0.49%	food
1	0.49%	Food options and more space for study away from group meeting areas
1	0.49%	Food options are too limited. Bring back the sandwiches, more ala carte meals
1	0.49%	Food options, price of food it just doesnt taste as good as it cost.. More fun entertaining things going on
1	0.49%	Food service is horrible. The pricing is not comparable to the quality of food being served or the level of service being provided. The Flaming Eggplant is rumored to have been operating in the red for the past 3 years, if this is true it should not be operating. Another vendor should be brought in to create a more competitive and fair food service environment.

Q67. What is one thing that you would change/improve about the CAB?			
Count	Percent		
1	0.49%	Get a decent place to eat dinner like a burger joint or something.	
1	0.49%	Get a new microwave for the second floor coffee shop area. Nobody can figure out how to punch in a normal amount of time on the current one.	
1	0.49%	Get rid of Aramark and make it so that actual food, as opposed to garbage, is sold and served.	
1	0.49%	Get rid of Aramark.	
1	0.49%	Get rid of the hippies	
1	0.49%	give all the money you wasted on the cab back to the students and teachers, the old cab was fine and the whole project was a waste of money.	
1	0.49%	Good food options. If the eggplant had more meat, and knew how to cook the meat that they serve, I would consider eating there. Aramark's quality is low, but I will force myself to eat a slice of their pizza when I don't have time to go off campus for lunch.	
1	0.49%	Have more open seating and more quality food options.	
1	0.49%	have students paint murals or something on the walls. make it look cozy like it used to look. And not so much like a mall or airport. It gives off strong airport vibes these days.	
1	0.49%	Have the Flaming Eggplant open on Saturdays!	
1	0.49%	Healthy and affordable food options, for omnivores with a lactose intolerance.	
1	0.49%	help the flaming eggplant's influence grow.	
1	0.49%	Honestly, I would enjoy the CAB much more if the coffee counter were open later. I spend many of my evenings doing research in the library and it's frustrating to run out of coffee!	
1	0.49%	I am a commuter student, so I don't have a meal plan. It would be nice to have more options for commuter students to be more actively involved. If activities are held too late in the evening it makes it difficult to attend them. Also it would be great if the Eggplant took credit/debit cards. As it is I rarely have cash on me and so I'm never really able to eat there.	
1	0.49%	I am only on campus one night a week and on weekends, so I am probably not the best person to fill out this survey. I am only doing it because I was asked to do it. As far as I know, the CAB is fine - I only go there to buy something to drink or eat.	
1	0.49%	I can't really think of anything.	
1	0.49%	I don't like the new colors.	
1	0.49%	I don't really use the CAB enough to really be able to remark on this. I guess I wish that the eggplant and other places were open a little later for those of us in Evening and Weekend Studies.	
1	0.49%	I don't spend enough time in the building to have an informed opinion.	
1	0.49%	I feel like larger portions of the CAB aren't being used anymore and I believe part of that can be blamed on the CAB not being fully renovated.	
1	0.49%	I hate the greenery lay out. I think it is not conducive to a community atmosphere and actually discourages people from making new friends and expanding their friend groups.	
1	0.49%	I have no input.	
1	0.49%	I never visit the bookstore because it's been closed every weekend or evening I've been in CAB. I don't rely on it for a resource.	
1	0.49%	I think the college did a great job with the CAB design. I commute to campus from Auburn, so I don't have an opportunity to stay and enjoy most of the activities existing on campus. Primarily, I use the bookstore for book purchases and other, personal purchases. The design of the CAB is great and the flow of the architecture seems to make sense to me. I can think of nothing that I would change (given my limited experience with the building and its many uses) about the CAB. Overall: A+	
1	0.49%	I think the downstairs food is predominantly unhealthy, and the food lines are so long that one is unable to obtain a hot lunch on a half hour lunch break. Food should be accessible and healthy to students- it is essential for optimal learning	
1	0.49%	I wish there were a few inexpensive, simple and filling food choices. It was better when food service was in the library building.	
1	0.49%	I work full time, have a child in high school, and am attending night and evening classes. I have very little time to spend at the CAB. I'm sure I would have used it more as an undergraduate student.	
1	0.49%	I would add a waterfall.	
1	0.49%	I would encourage more food options.	
1	0.49%	I would have longer/more consistent hours at the Eggplant. I would have healthier food options at the Market.	
1	0.49%	I would improve the functionality of the building. A lot of stuff is still broken or miswired or leaking.	
1	0.49%	I would like it to be open after midnight.	
1	0.49%	I would like to go back in time and redraw the floor plan of the CAB cafe, this is literally the worst	

Q67. What is one thing that you would change/improve about the CAB?		
Count	Percent	
		design that I can possibly imagine for an rapidly expanding student population. Seriously, it should not be this hard to purchase small food items around lunchtime. No one wants to spend the flat rate of approximately \$9.00 (regardless of what you eat) at the greenery just to eat a slice of pizza in a timely manner. Most of us only get small breaks from class or work during lunch time.
1	0.49%	I would like to see a CAB Party, like a street fair only in the building.
1	0.49%	I would like to see some better food options - especially for off-campus students who use it infrequently, and night and weekend students. I don't always want to eat pizza or burritos. It'd be nice if there was a sandwich shop as an option. The pre-made food is ridiculously priced, as well.
1	0.49%	I would make the walls open for art so that the concrete could be covered with paint.
1	0.49%	I would move the Flaming Eggplant to a more prominent/more spacious position with more ability for interaction to happen between people sitting and eating and people passing through.
1	0.49%	I would not have that staircase in the middle of the building which immediately ushers you to one of the food service places, study rooms, or retail area, instead of having a large space for more tabling, relaxing, hanging out or studying that invites all people with different interests. The space is inefficiently used and it separates people (those who go to the eggplant, those who go to the market, those who go to the greenery). And Koas, a great place that plays music constantly has no nice social area to hang out unless you want to be in a dark alcove at the bottom of the stairs. The market is offensive and uncomfortable and is trying to appeal to needs other than those of the Evergreen Student body (on demand food kiosk?) There is no space for people of different interests to meet each other. The only good space that I feel works to fulfill the student's needs for a space is the eggplant, which has space for student art, is constantly changing due to student input, has a comfortable atmosphere that you feel like you can affect as a student. Everything else in the building makes me feel like I am in a mall or something.
1	0.49%	I would promote events at the CAB through email. I never receive emails about things happening in the CAB.
1	0.49%	I would want to limit the availability of completely tasteless food. Like the food that you eat and you can't taste anything. The only reason you know you are eating is because of the texture... it was weird.
1	0.49%	I wouldn't make it feel like a small airport terminal with clever marketing.
1	0.49%	If there was a space to hold large events and host large events...that would have been great.
1	0.49%	Improve interior appearance and atmosphere (panel walls, perhaps, as the concrete tends to have an unpleasant look and echo; bamboo or wood floors would also help in this regard) and add or convert the existing 2nd floor dining facilities to a more formal cafe or restaurant-style area suitable for meeting with faculty or study partners, perhaps with a change to more healthy and varied menu options.
1	0.49%	Improve quality of the food. Veggie pizza should have more than one kind of vegetable on it. Also have coffee/espresso open on weekends at least one place on campus.
1	0.49%	Increase access to alternative food and retail options, such as a bigger space for the Flaming Eggplant and less overall reliance on Aramark.
1	0.49%	Increase the amount of microwaves. Only having two is not nearly enough for a student body for 4000, most of which decide to have lunch at noon.
1	0.49%	Information on it, times of events and all of the services available (building-wide) easily accessible. As of right now I do not understand why the CAB exists other than as a place to eat for resident students or a place for the bookstore. I think that the quiet room is really awesome, and more space should be dedicated to similar spaces. Then students would have a obviously designated building for their food/study/extracurricular activities. I guess as of right now I really do not know much about the CAB other than the places I have to go to at the time by passing thru.
1	0.49%	It doesn't feel like *my* building. I feel like I go there to get what I need, and then get away from there as fast as possible to a more secure spot on campus that doesn't house a million people.
1	0.49%	It has caused the SemII cafe to be closed more often. The semII cafe is more convenient for teachers and was a good place to meet before class. The CAB is more out of the way. So is never going to be as convenient. Please let the SemII cafe be open more for those reasons and so that there are more jobs in this troubled economy.
1	0.49%	It is good enough to me.
1	0.49%	It is such a weird, cold space. Add student art or something. Let the students really make it their own space.
1	0.49%	It would be nice if there was more space for socializing, maybe a pool table or something and more food options, I would like to see a lot more natural/organic food options and a lot less junk artificial food.
1	0.49%	It would be nice if there was more sitting areas that were private... right now some spots feel like a fish bowl.

Q67. What is one thing that you would change/improve about the CAB?

Count	Percent	
1	0.49%	It's a beautiful new change to campus, better food choices would be appreciated, like a salad bar asian inspired food, pizza is boring and not very healthy, if we brought in a soba noodle place that would be so awesome, that served cheap ramen (don't think top ramen, think like udon, with veggies and whole grain noodles in light broths! yum ) or other easy stir-fry with rice type options. Other than the food the atmosphere of the CAB is awesome, the new bookstore set up is great too! I spent a lot of time in the old CAB prior to being a student, or even high school age and I'm really digging the improvements.
1	0.49%	it's carbon footprint, corporate involvement, no book share co-op, outrageous prices, go evergreen(ish)!
1	0.49%	Its very steril and boring. No character. Seem very unfinished and empty.
1	0.49%	Just thought I should mention that I am in an independent study program, so I am only on campus a couple of times every school year.
1	0.49%	Less Aramark, more Flaming Eggplant hours
1	0.49%	Less expensive overall.
1	0.49%	Less TV's, cozier feel, staircase not in the middle but an open center of the building for meeting, less sterile looking- more student involvement in design and construction, student art and murals on the walls.
1	0.49%	Longer hours for the bookstore
1	0.49%	Lower prices in the Greenery on the less required items.
1	0.49%	Make it more cozy, less stark.
1	0.49%	Make it not look like a condo. Also, make these magic things about having speakers and actually studying there you talk about happen. Also, kick out Aramark and give the Eggplant a bigger space.
1	0.49%	Make it the true hub of campus through increase community buy in.
1	0.49%	Make more of a space for students to hang out that is separate from areas which serve food.
1	0.49%	Make the quiet lounge an actual quiet lounge. There are game club meetings in there, and they disrupt and run off any students that are studying and relaxing.
1	0.49%	minimize commercial, corporate feeling. the CAB presently has the prefabricated look and feel of a modern airport (suggestion: remove the ubiquitous screens and monitor displays) . healthier food options in the market (in case the individual does not have time for the greenery or the flaming eggplant).
1	0.49%	More accessibility options for disabled people.
1	0.49%	More accessible gender neutral bathrooms.
1	0.49%	more artwork and color
1	0.49%	More awareness regarding what opportunities are available to students.
1	0.49%	more color
1	0.49%	More comfortable seating.
1	0.49%	More couch/coffee table style sitting and eating areas--I feel these promote relaxed interactions amongst students, faculty, and staff.
1	0.49%	More entertainment- more tvs, nooks to do art, read and study. places to hang out. There seems to be more hallway space than actual functional space. More food options would be nice - the choice between burrito or pizza or veggie burger gets a little bland.
1	0.49%	More food and retail options. Should have moved the restrooms to somewhere more convenient.
1	0.49%	More food choices in the market.
1	0.49%	More food choices. Fresh salads are important--not catered in by a vendor. Perhaps, a quality restaurant in the CAB would be great. Cleanliness above all. Students are not very clean around campus. It's hard to enjoy your food when people don't bathe, wash their hair, or have dread locks with hair bugs. Yuck! Cleanliness of the floors, counter tops, tables, trash, etc. should be maintained at all times. Bathrooms there are not very clean. Women don't flush toilets. Put up a sign that says, "please flush after use" would be a great reminder! I don't like to use the facilities for this reason.
1	0.49%	More food options for lunch at the market place. Right now you can pretty much just have pizza or burritos and thats it.
1	0.49%	More food options within the Market. Better food. Love the Eggplant.
1	0.49%	More food options, better hours for night class students. Hours that are accessible to those of us who work, then have class from 6-10. Our break is at 7:45, we have to rush to the CAB--the only spot on campus to eat--b/f they close at 8. They are annoyed at the late rush creating bad attitudes on both sides of the counter, and then the only food options are burritos and pizza. Would love more fresh food options, even ready-made sandwiches that can be heated up, or something along those lines. The kiosk is not always open, and when it is, they are often out of options and the prices can't compare to the \$3 quesadilla. I would love to have the option of something other than cheesy and heavy food that makes you sleepy in class and worse--makes your classmates gassy.

1	0.49%	More quiet rooms to work

1	0.49%	More quite areas. Not scheduling loud things in the quite study area.
1	0.49%	More space for activities and more activities
1	0.49%	More space to spend time casually or study.
1	0.49%	more student activities. The art gallery is awesome! Also the Eggplant is awesome and the study areas are very good. theres enough seating all around i think it's good.
1	0.49%	More student run activities
1	0.49%	more use of large public spaces in community
1	0.49%	More variety of food vendors for the weekend and evenings students that are open until 9pm
1	0.49%	More vegan pastry options with coffee (or at least label the ones that are vegan)
1	0.49%	murals, student art, or something else to fill up all the white wall space
1	0.49%	N/A? To me the CAB is the Market, Eggplant, Greenery, bookstore, S&A, bike shop, KAOS, info desk, seating in the Market, and a "kinda sorta" art gallery on the third floor. These things are generally independent entities. I don't know if you're wanting something else from the CAB, but all I see it a space that holds these independent services.
1	0.49%	NA
1	0.49%	Not have the stairs be the first thing you see when you walk in.
1	0.49%	Not spending student fees for useless renovations, only for the sake of meeting fictitious "carbon-neutral" goals on paper by 2020. I question the validity of using extra resources for construction to make such unnecessary renovations, when the building was functional as it were.
1	0.49%	nothing
1	0.49%	nothing I can think of
1	0.49%	Notifications of events via email.
1	0.49%	Number of healthy, flavorful, affordable, fast to obtain food options. Add artwork and additional visual interior design elements to further warm up the interior of the CAB. All the buildings on campus are very stark and utilitarian. I like the much needed exterior changes made to the CAB (the use of the wood and the addition of color outside) and I like the color used in the dining area. Added art & other natural visual elements would make the CAB space feel more livable and inviting.
1	0.49%	offer different meal options at the cafeteria- Eggplant ...not just the one all in one \$8.00 all you can eat type meal sometimes soup and crackers or a sandwich is all I want to eat but I think that the price is a little excessive so I never even go in. or lunch deals and a daily special deal.
1	0.49%	Offer food at cheaper prices.
1	0.49%	Offer more in the bookstore

1	0.49%	Provide some TVs around the lounge locations.
1	0.49%	Put more art in it. It's too sterile and white.
1	0.49%	Raw food options. The cab is just a big building with not a whole lot going on to me.
1	0.49%	raw food!

Q67. What is one thing that you would change/improve about the CAB?		
Count	Percent	
1	0.49%	reduce noise from kitchen FYI Question 73 does not identify those studying on campus under veterans benefits. Take a look at the three sex gender queries and you might want to reformat yours in a similar pattern with drop down none intrusive option catching the net of dependents and spouses the are attending as well who for all practical purposes must comply with the same rules and paper work.
1	0.49%	Remove aramark completely. Their redesign is horrible, as well as the TV screens they use to advertise with. They are distracting and tacky. More funds for places to eat and buy things like The Flaming Eggplant where our capital can be used locally and sustainably.
1	0.49%	Remove the ugly and aesthetically jarring burnt sienna/orange panels on the outside of the building. REALLY, WHAT WERE YOU THINKING?!?!?!?
1	0.49%	replace the flaming eggplant with something that serves good tasting food
1	0.49%	Sale of alcohol or possibly gladiatorial like fighting cages to settle disputes. Thunder Dome.
1	0.49%	Service in the food center (2nd floor) needs to be faster, friendlier, and smoother. Lines for ordering food and paying for it are all jumbled together and frustrating when they all merge/people cut in front of you -- there is no order.
1	0.49%	Solar power!
1	0.49%	Some other choices of food.
1	0.49%	Somehow the CAB doesn't capture the "student union" atmosphere that seems present at other colleges. The computer lab in the library building is more social/educational on a moment to moment basis than the CAB. The thing I would improve is getting a salad bar added the non-meal-plan dining area. Flaming Eggplant is great but - come on- Evergreen is GREEN and how many vegetables does one get from the pizza/quesadilla/coffee offerings at the food court?
1	0.49%	STOP unnecessary "changing/improving" - I came to evergreen 3 years ago and endured the destruction and construction of the CAB and witnessed no actual NEED for any of it. The only good thing to come from the renovation is that the eggplant now has a permanent home. Students providing other students with healthy, local, organic food should be one of the most important concerns to the CAB. The renovation was bullshit, STOP spending money on 'improvements', the biggest improvement would be keeping tuition low and keeping faculty hired. Quit handing over our tuition money to greedy contractors, you're probably getting swindled by them anyway.
1	0.49%	take all those wasteful tv's out of the greenery or at least just leave them off. you're not going to listen.
1	0.49%	the airport-like atmosphere, feeling, decor
1	0.49%	The atmosphere in the CAB used to be really inviting, but after the renovation it kind of reminds me of a hospital. I really used to like the section on the 3rd floor with the carpeted benches, it was a really fun space for club meetings. During the fall I went into the cab looking for a comfy couch to surf the internet on and was very upset not to find any relaxing furniture. I would really like to see the space made a little bit more cozy.
1	0.49%	The CAB closes at midnight on the weekends for no good reason. My group of friends and I that play games often have to end early to leave the building. It would be much nicer if the CAB was left open later/24 hours.
1	0.49%	The CAB is the least of worries on this campus!
1	0.49%	The coffee.
1	0.49%	The design does not feel indicative of the Evergreen spirit. It feels like a building designed for some other state college or institution. There is nothing about the space that screams "Evergreen."
1	0.49%	The Eggplant Cafe is far and away the most important thing about the CAB; without it I would only enter the CAB to buy books at the start of the quarter. All socializing, studying, and meeting centers on that space.
1	0.49%	The entire cab looks like a shopping mall. This presents a very unwelcoming atmosphere which causes me to stay out of most of the cab building. I would like to know how much student input you all took in renovating the cab as I have heard almost nothing but negative feedback about the building's design. Also the upper management of the college's values show very clearly in the cab as Aramark's priority over student originated services is very obvious with the placement given to Aramark on the first and second floors, and the placement of the student run cafe out of sight on the third floor in a space that was not adequately designed for a restaurant.
1	0.49%	The exterior is fucking ugly and they spent way too much money on it. I do like the way its organized and spaced out but again, the exterior is ugly and they should have made it look like the previous exterior to match the rest of the school.
1	0.49%	The food- sandwiches and soup
1	0.49%	The food service is inadequate for a large flux of customers. It was set up much better before the cab was renovated. The employees are very slow, there isn't enough food, the food that is available is awful, and it takes forever to order and pay. I would increase the number of places where you can pay for your

		food. Also, I would hire more people and/or fire the really slow people. Every time I go to get food, I'll wind up standing there waiting for someone to help me, and the employees will just stand around doing nothing. Also, I would offer some more food options. All around, the cab is a terrible place to eat.
1	0.49%	the food services (not the eggplant, the eggplant is good) serve terrible overpriced food that is not healthy nor intelligent and does not at all fall inline with evergreen's ideals of sustainability. There is not even a feigned effort apparent to provide nourishing food and I try to never spend money at these vendors because of it. Although I really would like another food service option that I wouldn't feel guilty about endorsing.
1	0.49%	The greenery staff should be nicer to it's customers.
1	0.49%	The huge staircase now wastes a lot of space as well as separates the building so that you can't really see what's on the other side. I know it's not really something that is fixable at the moment but wow, bad design.
1	0.49%	The little stand that sells food is WAY over priced. I bought a salad and drink there and it came out to be around 11 dollars! The buffet downstairs needs to be maintained better. Some days the salad bar looks disgusting, and the lettuce looks too old to eat... I like the burrito place, but the rest of the food choices are lame... I would like to see healthier food options, similar to those at the cafe downtown called Traditions. I think they do an awesome job at preparing organic food with vegan options, and I don't mind paying extra for it!
1	0.49%	The new chairs in the Quiet Lounge look nice, but are not comfortable. I wish there was better food in the Marketplace - the pizza and burrito options in particular are terrible. The only thing I ever eat there is the bagels from the cafe. I do understand that we have a contract with Aramark, and that it is not easy to find these kinds of food providers that can service a college campus. Still, I wish there were more options in addition to the Eggplant.
1	0.49%	The new design is ugly but I guess it's too late for that. I wish the quiet lounge was actually quiet!
1	0.49%	The space doesn't feel open anymore. I use to eat lunch and look at the banners from all the student groups. I am happy about the remodel, but miss the open space in the center of the CAB.
1	0.49%	There should be a quality of information committee that clubs, organizations, faculty, and such must submit their advertisements, announcements or things like information pamphlets to. The committee would not need to approve them for distribution, but just try to form valid perspectives and provide a bibliography type list of sources so that students can form more authoritative ideas about what, for example, one group of students is trying to get another group of students to do.
1	0.49%	There should be a tree coming out of the roof.
1	0.49%	VEGAN FOOD.
1	0.49%	vegan pizza!
1	0.49%	Welcoming building good layout. I live off campus but find CAB useful
1	0.49%	What happened to the waterfall?
1	0.49%	why spend so much money on a big screen on the info desk that doesn't have software? You spent too much money on decorations!
