

## Space Minutes February 4, 2016

Attendees: Sharon Goodman, Susan Keefe, David McAvity, Steve Trotter, Alexander Butler

Recorder: Cathy Hammen

The January meeting minutes were approved as written.

### **Gender Inclusive Restrooms in the CAB – Alexander Butler**

The committee heard Alexander present a request to change the remaining bathrooms in the CAB to all-gendered. Because the CAB does not have single occupant bathrooms like other buildings on campus, the committee decided against a full transition in the building to all-gendered restrooms on all three floors. The committee decided to make the recommendation to John Hurley that the 1<sup>st</sup> floor bathrooms be changed to all-gendered restrooms before the start of Fall Quarter, leave the 2<sup>nd</sup> floor restrooms as male & female gender exclusive, considering opposition from students for religious reasons. S&A will work on a budget for the changes to the bathrooms and the signage, and would like to be involved in future transitions. The committee also recommended the discussion be had with respect to the Seminar 1 and the Lecture Hall remodels. It is recommended that Jeanne talk to John Hurley about reviewing gender neutral bathroom design in the Master Plan. The hope is to transition the final of the three floors after researching how the facility changes have been received.

### **Event List Preview – Susan Keefe, Abby Kelso**

Add: Return to Evergreen

Delete: Alumni Association Board of Directors Meeting & Foundation Art of Living Lunch & Live Auction

Susan reviewed what spaces can be reserved in advance, not impacting academic scheduling (Longhouse, Lib 4300, Library Lobbies, CRC)

### **Other items:**

Continue the conversation about the annual review of the list of academic events and their priorities next meeting. Big Events – meeting spaces for these are at a premium, and discussing this with Faculty can help to encourage them to be flexible when needed.

The meeting ended at 2:16pm
