Quantity (must be less than 5 gallon)

Certification

According to Washington state law, Chapter 173-303 Washington Administrative Code, an organization that generates less than 220 pounds of hazardous waste per month or batch, and less than 2.2 pounds of acute hazardous waste per month or batch, is defined as a small quantity generator. With certain exceptions set forth in Chapter 173-303, a small quantity generator may also accumulate or store up to 2,200 pounds of hazardous waste on site at any time. Based on state law and the facility operating permit, The Evergreen State College can only accept wastes from small quantity generators.

I certify that my organization is a small quantity generator as defined in Chapter 173-303 (070) WAC. I understand that I must complete this registration form and receive authorization from The Evergreen State College before I may deliver hazardous waste to The Evergreen State College. I CERTIFY UNDER PENALTY OF PERJURY UNDER THE LAWS OF THE STATE OF WASHINGTON THAT THE FOREGOING IS TRUE AND CORRECT.

Charge Account Contract

The undersigned agrees to pay all fees associated with the disposal of hazardous waste brought to The Evergreen State College. The undersigned is liable for payment within 15 working days from the date of invoice by The Evergreen State College

The undersigned further agrees to pay all costs associated with any effort or action needed to collect payment of a past due account which require the services of a collection agency, attorney, or other judicial action. The undersigned also agrees that the County may refuse to extend service to any customer with an invoice 30 days past due.

The undersigned agrees that fees are subject to change.
