Sustainable Practice	A Little	We looked at cross-cultural examples of sustainable solutions to social and environmental problems. We explored various cultural values in our own and other cultures. These are a little hard to place in any particular field of study. We used Buddhist and yogic philosophy to help explore our attachment to certain thoughts and behaviors, and drew from mindfulness practices to help interrupt those thoughts and behaviors.	X		
Temperate Rainforests	A Little	History, culture and environment, aesthetics	X
