

End-of-Program Review 2011-12

Sustainability in Programs

Sustainability can include:

- Living within the limits (for example, reducing consumption)
- Understanding the interconnections among economy, society, and environment
- Equitable distribution of resources and opportunities

	Extensively	Moderately	A little	Not at All	Percent of Programs Addressed Sustainability	Programs Addressed Sustainability (N)	Programs responded (N)
All Programs	19.1%	21.3%	25.0%	34.6%	65.4%	89	136

Note: Courses, contracts and internships were not asked to participate in the EPR.

Areas of sustainability studied in programs (e.g., *environmental sustainability, social sustainability including social justice, economic sustainability, sustainable business practices, community sustainability, environmental ethics*)

Program	Areas of sustainability
American Families: Historical and Sociological Perspectives on Close Relationships	Social Sustainability
SOS: Travel Based Projects	Natural Healing
Turning Eastward: Explorations in East/West Psychology	Environmental Sustainability, Social Sustainability including Social Justice, Economic Sustainability, Community Sustainability; Environmental Ethics
Universal Themes in Art, Literature, and Life	We had a naturalist poet, Paul Lindholdt, as guest writer; literary works and photographic exhibits often focused on tragic, unnecessary injustice, poverty, or unethical behavior.
The Victorian World	Understanding the interconnections among economy, society, and environment - especially connected with imperialism and industrialization.
Inside Language (S)	Social Justice
Radical Amazement: Interrogating Everyday Experience through Poetry and Video Essay	Nature as Matrix for poetry/video essays.
Ships of Wisdom: Ancient Trade Routes and the Diffusion of Ideas	Environmental Sustainability, Social Sustainability including Social Justice, Economic Sustainability
SOS: Botany	Environmental Sustainability, Social Sustainability
Nature Writing, Environmental History, and Place	Economic, Social
Intermediate Economics: A Heterodox Approach	Economic Sustainability
SOS: Performing Arts	Two students used environmental sounds for their sound scape.
SOS: Visual Arts (FW)	The art history text included and student research addressed some issues around social and environmental sustainability and the social/cultural role art can play.
Art, Culture, and Education	Social Sustainability
The Art of Writing Poetry	Several students wrote about the topic in their work and did some research on the topic that was then discussed in writers workshop. One of the writers whose works we studied was also very concerned about the social justice and community organizing and political aspects of sustainability.
Thinking Through Craft: Metal	Responsible use of natural resources and materials required in the field of fine metalworking.
Animal Others in Image and Text	Ethical treatment of animals, individual students learned about sustainability and conservation issues in the process of learning about the animals they focused on in their studies.
Performance in Process: Examining Performance as an Opportunity for Personal and Social Change	Environmental Sustainability, Social Sustainability
Art of Mosaic	Art materials - Sustainable Practices, Recycling
Bryophyte Taxonomy and Ecology	Students installed a green roof garden.
Marine Life: Marine Organisms and Their Environments	Fisheries Marine Protected Areas
The Fungal Kingdom	Environmental Sustainability, Environmental Ethics
Nature's Prose	Environmental Sustainability and Ethics
Landforms and Lifeforms	Climate, Resources
Native City: Histories, Policies and Images	Urban Planning, Environmental Sustainability
Salish Sea and the Pacific Northwest: Lives and Landscapes	Sustainable Ecologies & Social Systems, Native Justice, Ecosystem Policy, Public Health Policy
Ecological Agriculture: Crop Botany and Plant Genetics	Sustainable Agriculture
Zinn and the Art of Protest	Social, Political and Economic Sustainability through Social Justice

Creative Writing: Act and Artifact of American Voice	Social Sustainability, Environmental Ethics
Self and Community	Social Sustainability (Social Justice, Community Sustainability)
The Medicalization of America	Social Sustainability
Defending Mother Earth: Science, Energy and Native Peoples	Social Justice, Environmental Issues
Communication and Social Change in American History	Social Justice, Cultural, and Economic Sustainability
Telling Our Stories: What Makes Communities Work?-GRH	Social Justice, Community Sustainability
Interrogating Emotions	Social Justice (in the context of discussing race, gender, class)
Reproduction, Birth, and Power	Social Justice
Ecology and the Built Environment	Green building, triple bottom line analysis, social ecological systems evaluation
Re-Interpreting Liberation: Third World Movements and Migration	Environmental, Social, Economic, Community
Ecological Niche: The Interface of Human and Animal Behavior	Environmental Sustainability, Social Justice/Oppression; Environmental Ethics, Community Practices
Justice: A Relationship of Reciprocal Respect	Environmental Sustainability, Social Justice
Innovation	Environmental Sustainability, Economic Sustainability, Community Sustainability - in the context of Climate Change.
Blood and Borders: Tradition and Transformation in Central Europe	Environmental sustainability in connection with issues relevant to Central Europe.
Drawing on Earth: Explorations in the Aesthetics and Dynamics of the Earth	Environmental Sustainability
Field and Laboratory Biology in Southwestern Ecosystems	Environmental Sustainability
Dangerous Work	Environmental Health, Social Sustainability, Environmental Ethics
Nature and Value of Life	Environmental Ethics, Biodiversity, Climate Change, Extinction, obligations to future generations
Citizen Science: Ecoliteracy	Environmental Education
Suburban Nation?	Environmental and Social Sustainability, Social Justice, Community Sustainability
Business and Sustainability: Myth or Method?	Economic and business sustainability when building and designing "Earth Caring" business models. How to apply Earth based ethics and policies for business partnerships.
Equatorial Studies: Sound, Science and the Western Imagination	Eco-Tourism
Roots of China: Culture, Art and Poetics	Discussions on environmental issues in China in comparison to US.
Animal Morphology, Motion, and Mind	Animal Ethics
Applied Biology and Chemistry	Environmental: green chemistry, biodegradable/biorenewable polymers. [Break] Economic: examination of the chemical industry; practices and petrochemical use.
Energy Systems and Climate Change	Environmental, Social, Economic, Community, Environmental Ethics - all in the context of solutions to climate change and alternatives to capitalism.
The Science Behind the Headlines: What's the Truth?	Environmental Sustainability, Environmental Ethics
Introduction to Natural Science	Environmental Ethics and Sustainability
Physics and Calculus: Finding Order in the Physical World	Energy, Natural Resources, Environment
Molecule to Organism	Climate Change, Environmental Health
The Formation of the North American State	Social Sustainability, Social Justice, Distribution of Resources, Relationship of Wealth and Power
Power in American Society	Social Sustainability including Social Justice, Economic Sustainability, Community Sustainability

Washington State Legislative Internships	Social Sustainability inc Social Justice, Economic Sustainability, Sustainable Business Practices, Community Sustainability; Environmental Ethics; Living within limits; reducing consumption; equitable distribution of resources and opportunities.
Political Economy and Social Movements: Local, National, and Global Transformations	Social Justice, Social Sustainability
Marxist Theory	Social Justice
Exclusion in America: Who Belongs	Guest speakers and some portions of assigned texts focused on economic sustainability by critical analysis of capitalism and the American criminal justice system.
A History of "Race": Colonial Era to the Obama Presidency	Equitable distribution of resources and opportunities: social justice, economic sustainability & equity
Environmental Health: Science, Policy and Social Justice	Environmental Sustainability, Social Sustainability including Social Justice, Economic Sustainability, Sustainable Business Practices, Community Sustainability; Environmental Ethics; living within limits; reducing consumption; equitable distribution of resources and opportunities economically and socially, as well as environmentally.
SOS: Public Policy in Washington State	Environmental Sustainability, Social Justice, Community Sustainability
Light Step: Designing for a Sustainable World	Basic concepts in sustainability studies, sustainable materials use, spatial analysis and sustainability, justice, historic subsistence practices and sustainability.
Human Resource Management (FW)	Sustaining competitive advantage in pay and benefits during demanding economic circumstances
Social Entrepreneurship and Sustainable Business Management	Sustainable Business Practices
Leader as Internal Consultant	Social Sustainability
Human Resource Management (WS)	Social Responsibilities, Ethics, Social Justice, Sustainable Business Practices
The Meaning of Difference	Social Justice, Community Sustainability, Environmental Ethics
What is Education For?	Social Justice specifically in relation to education.
Multicultural Counseling	Social Justice
Global Business Tools for Sustainable Ventures	Social and Environmental Sustainability
Examining Education: A Journey Through the Personal to the Pedagogical	Problem-Based Learning
Democracy and Free Speech	Freedom of expression as essential to a sustainable democracy.
Business, Finance and Statistics, Oh My!	Environmental, Social, Economic, Business Practices, Community and Ethical Analysis were all addressed.
SOS: Revitalizing Community	Environmental Justice
Removing Barriers, Bridging Gaps	Environmental Ethics, Social and Environmental Justice, Environmental Sustainability Community Sustainability
TRI - Rebuilding Native Nations: Strategies for Governance and Development - Nisqually	Environmental Sustainability, Social Sustainability, Community Sustainability, Environmental Ethics. We devote one quarter of a nine quarter program repeating these to sustainability; I suspect we could/should do more.
TRI - Rebuilding Native Nations: Strategies for Governance and Development - Quinault	Community, Social Justice, Generational Cultural Sustainability
